

Comprehensive Referral Program

Suggested Recruitment Materials (Study Portal Description Template)

Referral Study Webpage

This page will include a longer study description with more details than what was provided in referral emails. It will also include the contact information for the site study recruiter.

[Study Description: Describe the research study, summarizing the goals, eligibility requirements, procedures, study risks and benefits. Identify the study's PI, and/or Sponsor, as well as the location where the visits will take place.]

If you are interested in this study, please contact the study recruiters/coordinator listed below. The study site will make the final decision on your eligibility.

<Recruiter first and last name>

<Recruiter contact information>

To protect your privacy, we are not providing your contact information to any study site. The only way that you can learn more about whether you might qualify for participation is to contact the site.

As always, your participation in research is voluntary and your decision to participate in additional research studies will not affect your involvement in the Brain Health Registry.
